

30/31 JANUARY 2018

MAPP INTERNATIONAL CONFERENCE

(Manufacture using Advanced Powder Processes)

Sponsorship Packages

MAPP, the EPSRC Future Manufacturing Hub led by the University of Sheffield, is holding its first international conference. It will attract key international decision makers from across the powder design, process and manufacture sector, as well as early career academics. If you are a supplier to the markets of in-situ process and performance characterisation, advanced characterisation and modelling, and optimisation and control, we can provide you with a forum to promote your business to up to to 150 senior academics, researchers and industry professionals.

Our keynote speakers are world renowned experts in their field and will attract delegates from the UK, Europe and beyond. This is the ideal opportunity for you to expand your company's visibility and reach new customers or showcase new products.

Located at the Royal Victoria, Holiday Inn – Sheffield, we have a programme that encourages networking and the exhibitors will be located in the same area as the refreshments and drinks reception to maximise the benefits for your business. The hotel boasts large, bright conference space and a grand ballroom as the main conference room and conference dinner venue. We anticipate the majority of delegates will stay overnight in the hotel, which will also maximise the visibility of your business.

The conference will run from 10.30 on Tuesday 30th January until 14.00 on Wednesday 31st January. Set up time will be from 08.00 on Tuesday and take down from 13.00 on Wednesday.

Space is limited, so please complete the form below and return to mapp@sheffield.ac.uk by 10th November 2017. To discuss your own particular requirements or make an initial enquiry please call Karen Wood on 0114 222 6009.
