

**1<sup>st</sup> – 2<sup>nd</sup> JUNE 2020**

# MAPP 2ND INTERNATIONAL CONFERENCE

(Manufacture using Advanced Powder Processes)

## Sponsorship Packages

Following the success of its event in 2018, MAPP, the EPSRC Future Manufacturing Hub led by the University of Sheffield, is holding its **second international conference** in June 2020. It will attract key international decision makers from across the powder design, process and manufacture sector, as well as early career academics. If you are a supplier to the fields of materials science, automatic control and systems engineering and mechanical engineering, with a particular focus on powder materials, advanced *in-situ* process monitoring and characterisation or new approaches in modelling and control, we can provide you with a forum to promote your business to up to 180 senior academics, researchers and industry professionals.

Our keynote speakers are world renowned experts in their field and will attract delegates from the UK, Europe and beyond. This is the ideal opportunity for you to expand your company's visibility and reach new customers or showcase new products.

Located at [Milton Hill House](#), Oxford, the two days will cover 3 key themes:

- Right First Time Manufacturing
- From in-process monitoring and control to in-service prediction and performance
- Enhanced product performance

We have a programme that encourages networking and exhibitors will be located in the same area as the refreshments to maximise the benefits for your business. See <https://mapp.ac.uk/events/mapp-2nd-international-conference> for full programme details. The hotel boasts large, bright facilities for hosting both the main conference sessions and the conference dinner. There will be a pre-dinner reception and we anticipate the majority of delegates will stay overnight in the hotel, which will also maximise the visibility of your business.

The conference will run from **10.00 on Monday 1st June** until **17.00 on Tuesday 2<sup>nd</sup> June**. Set up time will be from 07.00 on Monday and take down from 15.30 on Tuesday.

Space is limited, so please complete the form below and return to [mappadmin@sheffield.ac.uk](mailto:mappadmin@sheffield.ac.uk) by 31<sup>st</sup> January 2020. To discuss your own particular requirements or make an initial enquiry please call Karen Wood on 0114 222 6009.
